Back In The Fight

Lastly we come to the medley of “Last Caress/Green Hell,” two classic tunes by the Misfits, that legendary horror-punk ensemble led by Glenn Danzig. We’ve seen the Metalliboyz wearing Misfits and Samhain (Glenn’s subsequent band) t-shirts for years — what’s the connection? “Cliff one day just popped this tape in that he’d been listening to, and James got into it really quickly, then Kirk and I sort of tagged along last, but yeah ... huge fans of them. Especially a couple of years ago, we listened to it almost every day. And Kirk knows Glenn really well. He trades toys and comic books with him. Huge underground

band — it’s too bad they never did much, because they were *way* ahead of their time. They’re getting bigger the last two years than they ever were when they were together, which is kind of strange.”
