LIVE ON STAGE

DANZIG

Many metal fans are just beginning to realize that Danzig may well be the single most dynamic live act on the rock scene. With the charismatic Glenn Danzig leading the way, these hell-bent rockers seem bound and determined to keep climbing the rock ladder until they reach the very top. We caught a glimpse of Danzig's musical magic when we recently caught up with them *Live On Stage*.

Eerie Von: "Our fans are as crazy as we are."

Chuck Biscuits: "Danzig is about intensity."

John Christ: "We'd like to play some bigger places later this year."

A portrait of Glenn Danzig, the lead singer of the band Samhain. He has long, dark, wavy hair and is wearing a black, sleeveless, button-down shirt with a small graphic on the chest. He is looking directly at the camera with a serious expression. His left arm is heavily tattooed, featuring a large, intricate design that includes a figure, possibly a demon or a warrior, and the word "Blood" in a stylized font. The background is a solid, dark green color.
