WHITE LION DANZIG WINGER
KISS WARRANT LED ZEPPELIN

DANZIG: The tale of vocalist/songwriter Glenn Danzig's previous creative outlets (the now thoroughly legendary Misfits and Samhain) could take up several entries by themselves. For our purposes, Danzig the band (including Samhain bassist Eerie Von and renowned punk drummer Chuck Biscuits) is Glenn's first stab at out'n'out hard rock, delivered with all the melodic elan and creepy intensity he is revered for. The *Danzig* LP ('88) cemented his popularity.
